

PLASFAST® 30/60° CSK CRS

THREAD-FORMING SCREWS FOR PLASTIC

Countersunk head CRS thread-forming screws for use in thermoplastics. Case hardened steel zinc plated with a 30° or 60° flank angle to reduce boss bursting force. Also available to order with an alternative T-drive head.

Countersinks are measured including the head

D	D mm	d1	k	Driver No.
4-20	3.00	5.70	1.70	1
6-19	3.50	7.00	2.10	2
10-14	5.00	9.30	2.70	2

All dimension's in mm
